

# Vocational Education & Training Handbook 2018

## VOCATIONAL EDUCATION AND TRAINING

*True Excellence is a Constant  
Quest for Improvement*

COMET BAY COLLEGE - SECRET HARBOUR

# Vocational Education & Training (VET)

Vocational Education and Training provides training and education for specific vocational purposes. The VET sector caters for the majority of the population who need vocational skills for work and life. Because of persistent trade skills shortages in the Australian workforce, choosing a VET pathway provides the opportunity for future employment in an industry area with identified skills shortages. It also provides the opportunity for continued education and training post school.

Vocational Education and Training encompasses all courses delivered where a student is working towards completing qualifications or units of competence that are nationally recognised. Achievement of full qualifications results in students being awarded a Certificate I, II, III or IV. Students who complete stand-alone VET qualifications gain credit towards their WACE or WASA.

## What is the National VET System?

The national VET system is a nationally agreed system for recognising qualifications that can only be delivered through a Registered Training Organisation (RTO). Industry sectors determine and define the outcomes that are required from the training. The qualifications gained are recognised by employers and industry across Australia as people seek to enter or re-enter the workforce, upgrade existing skills or move into a new industry area. Vocational skills are called **competencies** and refer to the technical knowledge and broad process skills required to perform in a particular work context.

## USI

Applying for a USI is compulsory for all students enrolled in qualifications. See main handbook for details on how to apply.

Only applications with a USI will be accepted for the VET program.

## How does VET contribute to the Western Australian Certificate of Education (WACE)/Statement of Student Achievement (WASSA)?

As a part of the requirements for a WACE, a student must either:

- achieve an Australian Tertiary Admissions Rank (ATAR); and/or
- successfully complete an Australian Qualifications Framework (AQF) Certificate II or higher, which will provide them with a VET qualification and support post school VET or employment.

Choosing to complete one or more VET qualifications in school will count towards the required number of C grades needed to achieve a WACE.

## Comet Bay College:

Students can either apply for;

- School To Employment Program (STEP)
  - Profile qualification delivered by an external training provider
  - includes Work Place Learning
- General Studies
  - In-school qualifications
  - Fee For Service qualifications delivered by an external training provider
- ATAR
  - In-school qualifications

## Location of Courses:

If students select the STEP program or a qualification delivered by an external training provider they will be required to travel to different training locations on the days of their course, such as Rockingham, Kwinana, Beaconsfield, Jandakot, Perth or Thornlie.

# Vocational Education & Training

## School To Employment Program (STEP):

The application process for qualifications is highly competitive as the Registered Training Organisations (RTO) take students from many schools. As a minimum, students must be achieving C grades in English, Mathematics, Science and HASS and have greater than 80% attendance (prefer 90%) in Semester 1 of Year 10. Students have typically been able to access qualifications in the following areas:

- Animal Studies
- Automotive
- Aviation
- Community Services-Childcare
- Construction-Bricklaying; Carpentry and Joinery; Plumbing
- Engineering
- Electrotechnology
- Floristry
- Hairdressing
- Hospitality
- Information Technology & Media
- Process Plant Operations
- Retail Cosmetics
- Tourism and Events

## Application Process:

Once you have attended your General Studies interview and your STEP interview, you will be contacted and provided with the detailed information provided by the RTO.

**Students are notified in November of acceptance into qualifications delivered by external training providers.**

Students can begin a qualification in Years 11 and 12 at the same time as completing the requirements for WACE/WASSA through one of two options;

- STEP Program or
- General Studies

The STEP Program includes Pre Apprenticeships in School (PAiS) and a wide selection of Nationally Accredited qualifications, and includes Workplace Learning. This Endorsed Program is only available to students selecting the STEP program option. Students in the STEP program attend school for three days, one day in the workplace and one day at a TAFE or Private Training Provider.

If students are interested in trades such as bricklaying, mechanical, electrical, engineering or hospitality, then the STEP program is recommended. There are limited

places and entrance is subject to interview and meeting minimum entrance requirements.

## Students Selecting the STEP Program are required to:

- Attend a College selection interview (you will need to bring your resume);
- Select one of the three additional qualifications on offer in the VET program;
- Have a minimum of a C pass in English, Maths, Science and HASS;
- Passed NAPLAN or have a minimum of a 2 in OLNA
- Select General Studies as a backup in case the VET application is unsuccessful.

The STEP program offered at the College includes Nationally Accredited qualifications, where students successfully complete requirements and develop relevant industry skills with pathways to employment and/or further education and training, including traineeships and apprenticeships.

All our qualifications are quality assured by a Registered Training Organisation (RTO) and delivered at either South Metropolitan TAFE, North Metropolitan TAFE, Fremantle Education Centre and various other RTO's

## Stand-alone General Studies qualifications offered by Comet Bay College in 2018: (subject to numbers)

- Certificate II Building & Construction (2 years - offered to Yr11 and continuing Yr12)
- Certificate II Creative Industries (1 year - offered to Yr11 and 12's)
- Certificate II Information, Digital Media and Technology (2 years - offered to Yr11 and continuing Yr12)
- Certificate II Music (1 year - offered to Yr11/12)
- Certificate III Music (2 years - offered to Yr11 and continuing Yr12)
- Certificate II Sport (Coaching) Gen/Soccer (2 years - offered to Yr11 and continuing Yr12)
- Certificate II Sport & Recreation Gen/AFL/Outdoor Pursuits (1 year - offered to Yr11 and 12's)
- Certificate III Education Support (TEd) (2 years - offered to Yr11 and continuing Yr12)

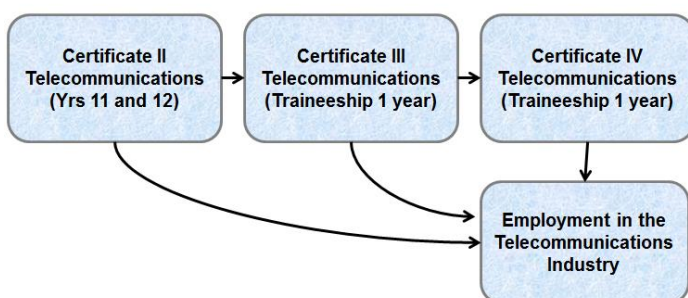

# Vocational Education & Training (VET)

## Post school qualifications pathways

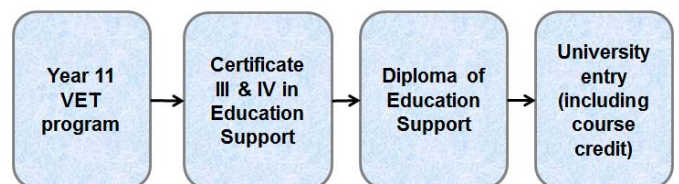

School	Registered Training Organisation (RTO) VET qualifications	University qualifications
		Doctoral Degree
		Masters Degree
		Bachelor Honours/Graduate
		Certificate/Graduate Diploma
		Bachelor Degree
		Advanced Dip/Associate Degree
Western Australian Certificate of Education WACE courses and/or Vocational Education and Training (VET) qualifications	Diploma	Diploma
	Certificate IV	
	Certificate III	
	Certificate II	
	Certificate I	

VET pathways provide students with the opportunity to continue their education and training post-school and can lead to the achievement of higher level qualifications such as Certificate III and IV or eventual university entry.

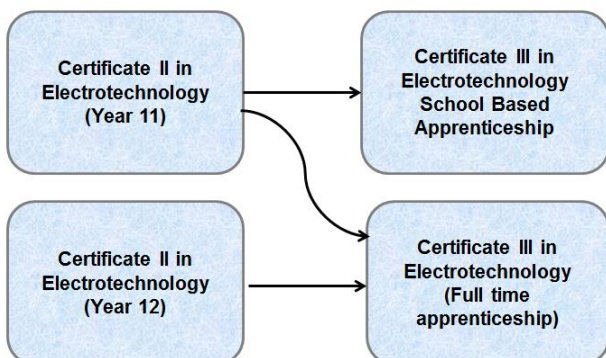

**Example 1 - VET → Employment or Training**

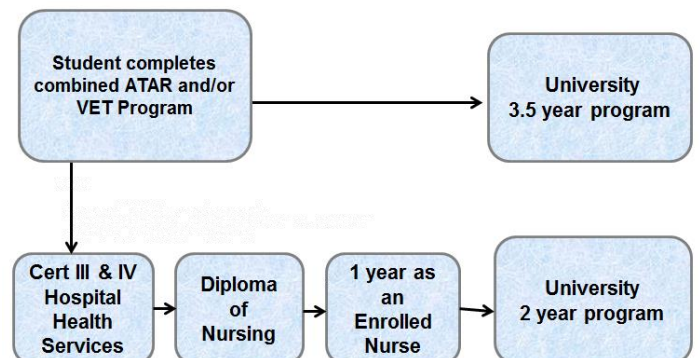

**Example 3 - VET → Training → University**

**Example 2 - VET → Apprenticeship**

**Example 4 - Combined ATAR and VET → University**

# Vocational Education & Training (VET)

The Year 11 and 12 VET program at the College is designed for students who are preparing for entry into a TAFE, the workforce or apprenticeships and traineeships. The program offers a joint school, industry and training partnership with students working towards secondary graduation while gaining valuable workplace experience.

The VET Program is usually 3 days school and 2 days TAFE or Workplace Learning. Students can select from a list of approximately 40 different qualifications and are required to be enrolled in the following list of qualifications:

COURSE	Year 11 (2017)	Year 12 (2018)
English (General)	GEENGV	GTENGV
Mathematics (Essential)	GEMAEV	GTMAEV
Career and Enterprise (General)	GECAEV	GTCAEV
Physics (General)		GEPHYV
Workplace Learning	ADWPL	ADWPL
<i>Plus either:</i> Certificate II Customer Engagement Certificate II Creative Industries (Media) Certificate II Sport and Recreation		

**Note:** Places in the program are limited and all students are required to attend an interview and require a minimum of a C grade in Year 10 English, Mathematics, Science and HASS.

## In School Qualifications Descriptions (VET students only)

### Certificate II Community Services (CHC22015)

The qualification is designed to reflect the role of employees who perform a range of tasks in the industry. The focus will be for students to familiarise themselves with the broader community services sector, and explore their career options within the sector. Students will undertake community services core units plus a unit from the children's services industry area.

This qualification is offered to students under the auspices of YMCA (RTO #3979)

### Certificate II Creative Industries (CUA20215)

The qualification will allow students to explore the exciting world of Media, focussing primarily on the film and radio broadcast industries. Students will develop the ability to utilise digital recording equipment in interesting and creative ways, allowing them to express their ideas through a variety of text forms including short film, radio advertising and documentary style film-making. Students will also be given the opportunity to work with industry level editing software in post-production and will learn how to apply visual and audio special effects.

The course is designed to run over a period of one year, with students completing a total of 8 units focussing on topics such as following a design process, developing industry knowledge, effective video and sound recording, as well as applying critical thinking to media analysis.

The qualification is offered to students under the auspices of Skills Strategies International (RTO #2401).

### Certificate II Sport and Recreation (SIS20115)

The qualification provides the skills and knowledge for an individual wishing to work in the sport and recreation industry in a generalist capacity. Likely functions for someone with this qualification can include providing support in the provision of sport and recreation programs, grounds and facilities maintenance, routine housekeeping, retail and customer service assistance, administrative assistance or bar and café service in locations such as a fitness centre, outdoor sporting grounds or complexes or aquatic centers. All job roles are performed under supervision.

The qualification is offered to students under the auspices of YMCA (RTO #3979)

# Vocational Education & Training (VET)

All students in the VET program are enrolled in a minimum of two qualifications, in addition they are required to meet the requirements for at least 2 units of Workplace Learning with a host employer.

Only students selecting the VET Program option are eligible to select from the following list of qualifications.

Qualification		Qual Code	Proposed Venue
Certificate II Aeroskills <b>(Mechanical Pre-Apprenticeship)</b>	1 year	MEA20415	South Metropolitan TAFE Aerospace Training Centre, Jandakot
Certificate II Animal Studies <b>Term 1&amp;3 option ONLY</b>	6 Mths	ACM20110	South Metropolitan TAFE Peel
