

Year 10 - List of Subjects 2026

20/08/2025 V4

SAMPLE ONLY / DO NOT RETURN

Use SSO website for course selection

- Select one course per line.
(In SSO Australian Football Specialist students have had their mandatory 2 lines selections made on their behalf)
- Students are required to select one Physical Education course, this can be from any of the Physical Education courses offered. Some Physical Education programs are only available to continuing students from year 9. ie. AFL (AFSP students only), Outdoor Education, Soccer and the extension programs.
- Students currently in an extension course this year, are able to select the same extension course next year.
- Students in an extension course may select the same general course (e.g. Art/Art Extension).
- Not all subjects are open choices as an application process is required for some courses. This includes extension programs and some specific Physical Education programs ie. Sport Community Leadership.
- Some courses are continuation of subjects from Year 9 and are not currently open to all students ie STEM, Outdoor Education, Soccer. If places become available an application process may be offered.
- Student numbers are limited in each course, all of the choices will be offered, however only those that have a viable number of students will actually run in 2026.

Line	Options	
1	AFL Specialist Program girls (10FOOTG) (Select in line 1 and 3) Physical Education (10PE) Fitness Education (10FIT) Outdoor Education(10OUT) Dance Extension (10DANX)	Computer Science (10ELEC) Food Technology (10FTEC) Laboratory Skills (10LAB) Mechanics (10MEC) Visual Art (10ART) Wood Technology (10WOOD)
